

IP PATHWAYS

ADAPTIVECLOUD™ services

Looking to move your data, applications or other business elements to the cloud? Or from Google, Azure or Amazon to a more flexible cloud environment?

IP Pathways AdaptiveCloud Services™ provide a scalable, secure and quickly deployable cloud environment as an enterprise managed service. We can have you up and running rapidly and cost-effectively while simplifying your environment. AdaptiveCloud Services™ can also leverage the hybrid cloud, and we can design a custom solution to meet your specific needs.

IP Pathways' AdaptiveCloud Services™ combines cloud-based storage, compute, replication, backup and disaster recovery solutions with existing private cloud infrastructures to form cohesive HybridIT™ solutions.

Why AdaptiveCloud™?

- Competitive pricing
- Easy to implement and use
- Local 24x7x365 support
- Innovative and intelligent
- Reduce risk and complexity
